BUGLE BEADS

"G IS FOR GLASS"

All 'G' Series beads, including Bugles, are made of high quality glass unless otherwise stated.

Most of them are made in the Czech Republic. We also carry high quality beads from Japan, Italy, and India. **Unless otherwise stated, all glass beads are made in the Czech Republic.**

NOTICE ABOUT COLORS

Some of the bright colors such as pink, purple, and colorlined are dyed after the bead is formed, meaning they are not colorfast and could fade with washing or sun exposure.

Known dyed colors are marked with (*).

* Indicates a dyed color

Please help us fill your order as fast as possible by specifying what size Bugles you want. We can guess but you may not like it.
